FROM THE PRESIDENT

WELCOME TO TEMPLEVILLE ROAD

It's a real pleasure to welcome everyone to Templeville Road for our first home game of the 2026/27 Energia AIL season.

We're delighted to host our great friends and rivals Clontarf FC, and to extend a particular welcome to Brendan Smith, President of Clontarf FC for 2026/27, along with all their players, coaches, members and supporters travelling to join us today.

This is a landmark season for Clontarf: 2026 marks 150 years since the club's founding in 1876, one of the oldest and most storied clubs in Irish rugby. On behalf of everyone at St. Mary's, our congratulations to everyone connected with Clontarf on reaching such a remarkable milestone.

Fixtures between our two clubs are always keenly contested, and rightly so – both built by generations of volunteers, and both fiercely proud of what they represent on and off the pitch. That's really what today is about.

Thank you too to all of our sponsors, detailed throughout this programme, and in particular to our main sponsor, the Maples Group, whose support makes days like today possible.

To everyone who has made the trip, thank you for joining us – enjoy the occasion, and best of luck to both sides today.

Finally, thank you to our Honorary Treasurer, Mossy Davin, for putting together this marvellous match programme.

Stephen Shirley

President, St. Mary's College RFC 2026-27

THE IRFU & ENERGIA

IRISH RUGBY FOOTBALL UNION

MESSAGE FROM THE IRFU PRESIDENT

Tony O'Beirne, President of the IRFU 2026-27

It gives me great pleasure to write to you for the first time in my capacity as the 137th President of the Irish Rugby Football Union.

It is a tremendous honour to serve as President and I am deeply conscious of the responsibility that comes with this position.

It is our schools and clubs that provide the players that feed the pathways for the professional game. I look forward to representing all those who contribute so much to our sport across the island at school, club and provincial level. Clubs are the bedrock of our game and I look forward to visiting many clubs across the island in my role as President and meeting volunteers who play such a crucial role in keeping our game vibrant. I intend to meet, along with our CEO Kevin Potts, with clubs in each province during the season to give them an opportunity to engage with the Union.

I would like to express my sincere gratitude to all volunteers who give so generously of their time. Whether serving on committees, coaching teams, supporting match days, maintaining facilities, fundraising or undertaking the countless tasks that often go unseen, your contribution is invaluable. Irish Rugby continues to benefit from a volunteer culture that is admired and hugely valued. From minis and youth rugby through to adult and representative levels, the commitment of Clubs remains the driving force behind everything we achieve.

Our senior men's team have a very important season ahead as they prepare for the World Cup in Australia. Our senior women's team also have an important season as they participate in the WXV Global Series

and endeavor for selection in the first ever Women's British and Irish Lions squad.

I thank Energia for their ongoing support as title sponsor of the men's and women's AIL competitions and the All Ireland junior cup.

The game of rugby prides itself on its values. All stakeholders, including players and supporters, have a responsibility to ensure that the values of our game - respect, inclusivity, integrity, fun and excellence are upheld. These values help create positive experiences for players, supporters, coaches, match officials and volunteers, and ensure that rugby remains a game of which we can all be proud.

The continued growth of our game depends on creating welcoming and inclusive environments for all. It is encouraging to see increasing participation across many areas of rugby, particularly within the women's and girls' game, while our Clubs continue to embrace new members, players, coaches, referees and volunteers. We must continue to ensure that rugby remains a sport that is accessible, enjoyable and rewarding for everyone who wishes to be involved.

On behalf of the Irish Rugby Football Union, I wish your club, players, coaches, referees, volunteers and supporters a safe, successful and enjoyable season.

Yours in rugby,

Tony O'Beirne

President

LEAGUE SPONSOR

MESSAGE FROM ENERGIA

Gary Ryan, Chief Executive Officer, Energia

On behalf of everyone at Energia, I am delighted to welcome players, coaches, volunteers, supporters and clubs across the country to the start of the 2026/27 Energia All-Ireland League season.

The Energia AIL represents the very best of club rugby. It is where communities come together and some of our most talented players showcase their skill each week. Every season brings new stories and we are excited to see what this year's campaign will hold.

As title sponsor, Energia is incredibly proud to support a competition that sits at the heart of Irish rugby. From the opening whistle in September through to the final rounds next spring, the Energia AIL will once again showcase the passion that makes club rugby so special.

The strength of the league lies not only in the quality of rugby on display, but also in the people who make it possible. To the players who represent their clubs with pride, the volunteers who give their time, the coaches who inspire, the officials who uphold the game and the

supporters who stand on the sidelines in all conditions, thank you. Your dedication and love of the game are the foundation of club rugby and the driving force behind its continued success.

We are particularly excited to see the continued growth of the women's game this season. The standard of competition continues to rise, something we saw first-hand in last season's final, which showcased the quality and entertainment that women's rugby delivers. Energia remains committed to supporting this momentum and helping to drive the development of the game.

We wish every player, coach, volunteer and supporter a successful season and thank you for the passion and commitment that continue to make the Energia AIL the heartbeat of club rugby in Ireland.

Gary Ryan

Chief Executive Officer, Energia

BEYOND THE ULTIMATE

by D. O'Brien

Photo: The champions bring the Energia AIL Division 1A trophy home to Templeville Road, April 2026 · INPHO

The Templeville Road Campus gleams white with the new Padel Citadel an impressive welcoming symbol of ambassadorial glory. The Kickz Coffee Cabin gives a welcome added flavour. The pitches display their green magnificence, after the planning and expertise of Marty Blacker, the careful husbandry of Peter O'Kelly and the largesse of JB's Well; as the new season pops up. Enthroned within, there is a warm glow, not only after the phenomenon that was our 2026 summer but also following the glorious season that was 2025-26. The afterglow remained long and deep all summer long, as members and supporters could not resist the call, to stroll the perimeter, ponder contentedly and savour the memories. Some long-chiselled memories of jousts in the mists of time; and heroes at rest, are vying with the sharp images of the past season and its glories that have engendered profound bonds. Although the campus is dizzy with activity and progress, there is there, somehow an underlying, interwoven tranquillity. There is also a genuine appreciation from the entire club for the astounding work and progress in all aspects of club

machinations and developments. Work done last season by the players at all grades, their coaching/management groups, the various club subcommittees and the admirable then-President Gareth Logan and his executive committee shine out brightly.

Photo: Stephen Shirley, Club President 2026-27

Stephen Shirley, our new Club President will lead. Stephen is one of a much-admired St Mary's family. His first memories of the club are of the early 1990s.

He was a young rugby-mad schoolboy at St Mary's College, when his mum and dad Yvonne and John used bring Stephen and his elder brothers Simon and Alan (Simon is a club member, advisor and sponsor and Alan, outstanding Rugby Chairman / DoR, former senior player and coach). They developed an addiction to their future club. Once again, the club is most fortunate to have one, highly talented and dedicated as its president, who has already made a notable contribution.

SENIOR RUGBY

There is naturally a burst of almost febrile interest in this season, when as champions, the target is on the backs of all our teams but especially in the AIL one. There is clearly a desire once again, to excel and be the first club in the modern AIL format, to retain the trophy. Firstly, we note those who are no longer involved and those who have joined the group, playing, coaching and administrating unto the squad.

Photo: St. Mary's College RFC – Energia AIL Division 1A champions 2025/26

Photo: Club Captain Conor Dean

We are fortunate that last season's superb and successful Club Captain, Conor Dean is again captain. Conor had a fine season and led calmly and brilliantly when there were stress moments or matches. He was quite magnificent in the final at the Aviva Stadium (Lansdowne Road), leading his men to an emphatic win. He was indubitably the best outhalf in the league, the last few seasons. Expect him to so be again this season.

Conor is generally acknowledged to be, by a distance, the most accomplished and effective outhalf in AIL. He is the outstanding 10.

It is not too much of a surprise, as his father Paul was a celebrated Irish international outhalf and British and Irish Lion. Conor is also a remarkably fine young man in all respects. He is universally popular. He is great fun with a superb sense of humour and great zest for life and living; he is affable and gregarious. He is a complete gentleman. However, He loves nothing more than a bit of youthful adventure. His thoughtful kindness is a feature of his life.

Photo: Conor Dean in action in the Energia AIL Division 1A Final, April 2026 - INPHO

Although in school in Blackrock College, being the son of Paul and Lorraine (another exceptional Marys' woman) he, and his sister Holly, were well au fait with the activities of St Mary's College RFC from a young age, spending time up there during his father's time in committee after his special presidency. Needless to say, Paul and Lorraine are still to be found in the club at many functions and all the Conor's matches. Conor has much in common with his renowned rugby dad. He has the most appreciative and searching pass and a break that is piercing. Conor's Deano Dink is unique and deadly. Another shared skill he has with his dad, is his golf. Conor is a virtuoso golfer, playing off +2 he is an unbeatable amateur and he has the course record 66, in his club Blainroe, since May 2022. If you were to guess who had held the previous record as being his dad Paul, you would be right; a remarkable fact. Anyone fancy their chances? Maybe a father and son competition!!

At school at Blackrock College, Conor was an excellent student in all respects, with a fine academic and social record. He was a natural at rugby with all the skills, great acceleration and pace. He started at outhalf on the JCT, when only U14, in 2012, and the following year he was the outhalf on the JCT Cup winning team. The following year, 2014 he was outhalf on the winning SCT

team, although still only in fourth year. Nick Timoney, David O'Connor, Caelan Doris, Hugo Keenan and Conor Oliver were all part of that team; and St Marys was very lucky that all but Hugo, later played major roles at the club. They are all still close pals.

2015 & 2016 Conor started 10 in the SCT but unfortunately his team lost in the second round both years. Conor played for Leinster U18 and Irish U18's for two years while at school.

Having left Blackrock in 2016 he joined Marys.

He played for Leinster and Ireland for two years out of school (2016/17 & 2017/18) in the underage competitions. He played the U20 in JWC in Georgia and again in France the following season in underage 6 Nations and the JWC in France.

Having been in the Leinster Sub Academy for two years he went to the Connacht Academy 2018/19 - got his first cap in the last week of URC against Munster (started 10 in Thomond). He got a development contract in Connacht in 2020/21 and played against Munster in the Aviva in the interprovincials during Covid.

Missing Dublin and wishing to develop his career, he returned home and played with his club where he has been since. He was a star when the club won AIL 1B, 2023-24 and was a major factor in the second-place finish in AIL 1A last season. He has a very close relationship with all the players including the captain for past tumultuous three seasons Ronan Watters, who will be an important support to Skipper Deano. He has enormous goodwill and support from the entire membership, including the Parents Brigade, and of course Lorraine and Deano Snr.

He has around him an experienced squad and several big leaders in support, such as the iconic Ronan Watters former three-time in a row Club Captain, Club International and exceptional backrower and all-round rugby player. Mighty Mick McCormack professional standard, peerless club tight-head prop, is a natural front leader. Dan Goggin, former Munster centre, who has been exceptional as player and leader and has amazing versatility, being a top 12 and top 8. He has made a highly significant contribution to the squad since he joined Marys. Current 12, senior player, and brilliant place kicker, Mick O'Gara is not only a leader on the field but a highly popular Starman off the field and a successful St Mary's College Coach.

Any team with Myles Carey is very fortunate, he had a stunning last season and no doubt be invaluable again the coming season.

Photo: Head Coach Mark McHugh (left) with 2025/26 Club President Gareth Logan · INPHO

Head Coach, Mark McHugh, remains in place from leading his men to the Elysian Fields, and it is hoped he shall remain so for many seasons ahead. His strong, calm leadership is vital to the success. He is much admired for his cerebral decisions, his adventure and his vision. He has shown ability to improvise to great success, and to analyse needs as they arise. His inclusive approach to coaching has drawn the highest quality coaching team around him, all of which is reaping an invaluable harvest. His experience as an international player and AIL winner with his club adds to his cachet.

Jamie Cornett who is a most impressive coach, is a totally committed Mary's man, and like the great Steven Hennessy (who is DoR at St. Mary's College, who are current winners of the Leinster Senior Schools' Cup - Congrats Steve), a valuable link to schools' rugby. Beside his overall coaching input and close relationship with Mark, Jamie is to the players an avuncular figure whom they respect and cherish. He is reliable, dedicated and talented.

Former British and Irish Lion, Jack McGrath has been a super successful addition to the coaching group. His experience and technical knowledge are a marvellous bonus, and his electric, enlivening enthusiasm lifts teams and adds to the overall thrust.

Greg Jones, as player coach, has been one of the most transformative additions to Mark's men. Last two seasons he has brought an epiphanic improvement to lineout and maul management, in addition to being an outstanding player. His contribution last season was

astral. It is a major loss not to have his full-time playing application but retaining him in his coaching capacity is highly significant. He adds a lot more than all that too for he is a most affable, caring young man, an impressive gentleman.

Tom (Tommer) O'Reilly, a talented and most durable player over the past 15 years, having been in the squad for the 2012 AIL success. He has also been a Club international player. It is impossible not to like and admire the big warm-hearted prop who can play both sides and add leadership to performance. Over the past couple of seasons Tommer has added coach to his soubriquets. He is valuable part of Mark's coaching cache. An admirable man. Lauren and Tommer welcomed their first child Indie, to the world. Congratulations will flow from all at the club, terrific news.

Éanna Clynes in a way the Sorcerer's Apprentice, is a most impressive young man and coach, who has all the requisites to be the best. he is acknowledged as such at college level and club level. He will be imbedded and will specialise in the J1 team and the fast-developing young tyros. He has with him, two experienced former players and coach / managers, Darren Walker and Paul Brennan. They both understand the extra difficulties dealing with this often enthusiastic and level-impatient group. Two dedicated clubmen. It is generally accepted that a happy, successful J1 group is an indicator of a successful and happy club.

A vital aspect of the system's workings is fitness/strength and conditioning, and former Club Captain, Marcus (Modser) O'Driscoll a renowned instructor in that area, who understands the players need, and like all of his profession, works his programmes with ruthlessness. Very much, a popular young Bro!

There is little need to herald Davy (Dougal) Lyons for he is a physiotherapeutic Guru, known and respected widely through all codes. Few in the club have not felt the pain of the fiercesome fingers of Dougal in their Longissimus dorsi or quadriceps maximus and the brilliant results. His straightforward kindness and frankness are disarming.

Then, behind the scenes, but no less valuable for that, the management group moves with graphitic ease, in organisation and logistics. This group is the interface, the cement in the edifice.

Like a highly esteemed Quartermaster General, Paul Pender, Senior Manager, ensures everything is there as required, trips and transport organised and on time, equipment, available and players happy. This is a heavy-duty calling, and so it is shared amongst his commendable lieutenants, Conor O'Neill, Harry Ebbs and Robbie O'Neill.

Ian Bloomer continues in his important role as Referee Liaison Officer, charming and calming as ever. He also endures that the senior squad have top quality rugby balls.

Jack Ebbs joins as Fourth Official for this season.

Photo: Alan Shirley, Rugby Chairman / Director of Rugby · INPHO

The power behind all strands of rugby at the club is Rugby Council (RC) and the head of all of this is the Chairman and Director of Rugby (DoR). That man is Alan Shirley and it has been he, since 2015, which speaks reams, he has overseen the rebuilding of our rugby realm since those days of AIL 1B, to AIL 1A Champions 2025-26. His calm determination, exceptional decisions and shrewd recruitment have made the difference, his wise delegation and care of all levels of rugby have been the keys to our success at all levels. He seeks opinions and listens well, a crucial requirement for top leadership. He has earned widespread respect and admiration. His relationship with the coaches, group leaders and executive leadership and players ensures harmonic progress. The impressive make up of RC has been further enhanced by the addition of last year's club president, Gareth (Logi) Logan.

ADDITIONS AND SUBTRACTIONS

So contentedly, integrated was the squad that the players who left or retired did so due to necessity. Fortunately, a high number of quality young players joining has replenished in full and above all those departed. The club wishes those who have had to leave or step back from playing, the best for their futures and thank them for their important contributions to the club.

Below is the list of players who are joining the senior squad.

Data were supplied by DoR Alan Shirley.

JOINING THE SENIOR SQUAD

Stephen McLoughlin – Hooker from Young Munster.

Michael Icely – Back row from Australia playing in the Shute Shield

Braemar Murray – 2nd Row playing in the MLR last year.

Richie Fahy – Back from England

Mark Hernan – Highly rated Back Row (Son of former Club Captain 1991– Ray)

John Fairley – Back Row

Noah Kavanagh – Scrum half from Navan

Luke McGill – Scrum half from UCD (ex-Mary's school)

GRADUATING FROM 20S

Cillian Jacobs – Hooker

David Leane – 2nd Row/Back Row

Andy Stronge – Scrum half

Zack Hopkins – Centre/Wing

Jack Halpin – Full back (Son of former senior fullback/wing Gareth)

Ethan Kenny – Outhalf

Gavin Foley – Centre/full back

James Molloy – (Prop)

PLAYERS FROM THE SCHOOL (ALL REP PLAYERS)

Dave Kenny – Prop

Max Egan – 2nd Row

Sean Thornton – Back Row

Alex Crawley – Scrum half

Paul Neary – Out half

Conor Cantwell – Centre

Chris Maguire – Wing

Josh Kelly – Full back

Returning from a season out injured – Conor Hayes (Fullback)

The full list of players and profiles are available on the club website.

Photo: The squad at the Aviva Stadium before the 2026 final · INPHO

Mark McHugh, and Alan Shirley, have built a squad with competition for every position, so flexibility, allowing team refresh, with all players having close familiarity of moves and player interactions. It is a team of athletic innovation, skill and pace. The interpersonal confidence under pressure is signal. Patience at pace is a brilliant feature, increasing the odds of scoring when in position. We have real speed out wide and craft inside, adding to the threat. The warm camaraderie in this group and non-arrogant confidence allows all involved to have reason for optimism of a repeat of the brilliant season 2025-26 with the same final success. Needless to say, there will be a higher degree of difficulty as all other nine clubs in AIL 1A have significantly strengthened their squads and; clearly each one will particularly target the holders. Last season we had at least parity in scrums and mainly above that. We had the best progressive and defensive lineouts, and the forward; and defensive mauls generally held parity or above. Add in an outstanding close line defence and reliable place kicking and we must believe. We do have a difficult start with Lansdowne away and Clontarf at home, for a start, followed by a trek to Cork and return to the great rivalry of Nure. However, there is good reason for optimism. We are fortunate too to have the revered referee, Dudley Phillips, to ensure we are up to date on all current laws and changes that might arise.

Johnny Allison is a young referee who is helping with the JIs and his input is very welcome.

We do need the same quality of support achieved at the Aviva last April. All players aver that supporter interaction is a major part of the team response and success rate. So let it be!

ST. MARY'S COLLEGE

CLONTARF FC

Saturday 3rd October 2026 · KO 2:30pm · Templeville Road

Round 2 of the 2026/27 Enérgia AIL, Division 1A

Photo: INPHO

This Saturday, 3rd October at 2.30pm, AIL rugby returns to Templeville Road as we face Clontarf FC in Round 2 of the AIL!

Last weekend, our First XV kicked off their league campaign with a thrilling 19-18 victory over Lansdowne, away from home. This week, the terraces of Templeville will once more be full of blue and white as we look to keep our momentum going. Mark McHugh's men showed their grit and determination in a very close contest last Saturday afternoon, which was followed by an equally-close 32-31 win for our J1s on the same pitch!

This weekend, we face our opponents from last season's final – this is sure to be another exhilarating match! So, for the first time this season, make your way to Templeville Road nice and early, get a good spot, and let us hear "Mary's, Mary's, Mary's" as the 'Boys in Blue' play their first home game of the season – you won't want to miss it.

ST. MARY'S COLLEGE

Saturday 26th September 2026 · Aviva Stadium · St. Mary's scorers: Tries Shields, Bergin, O'Sullivan · Cons O'Gara 2

Aaron O'Sullivan's late try in the corner seals a one-point win in the opening round at Lansdowne Road

The team runs out at the Aviva Stadium through a guard of honour of young supporters

It is the 36 years this month since the AIL commenced. Even with its changes in format, a curtailed season and a lost season during Covid, it has improved in quality and competitiveness, endured and grown and is more loved than ever. And for fans it is compelling and addictive. Without it over the summer, there is a gap that feels like missed daily dinner. For all clubs, there are wonderful memories and some sad ones, of great wins, near misses, (we were robbed) there were rivalries built, careers made and above all indelible friendships made. For us Babs got a punch for being too strong, and he made not a move, just beamed a smile on receipt, Pottsy got a kiss, Jemmo got a fan club, Noel McCarthy and Mullers got lacerated, Jonno got to Leinster, Ireland and Lions and Jack was denied an AIL medal but he too got the Lions. Many myths and stories arose from it, a favourite was when a certain club was relegated, the consoling president assured them with passion, that "they would rise again like the Pheasant from the ashes; and when informed that it was a Phoenix, he replied: - Oh Jesse, I knew it was something started

with F". Let us hope this is a special one for us, but most all that is a happy one, particularly for our President Stephen, our Captain, Deano, his squad, and Coach Mark.

OVERALL

The sun sparkled and danced on a dream day; the two games did likewise. As a spring plant bursting forth, so too did the assemblage, opening up with joy and anticipation of the new crusade. Two games followed. The ethereal energies of existence and actions suffused all; players and supporters. The air crackled, and joy shimmered and eyes shone a smile of nature; and interlinked hands trembled. It was fitting that we played Lansdowne.

Beforehand, President Stephen Shirley, and his officers, on his first AIL outing, met with his counterparts, Graham Quinn et al. The two had been Lansdowne mini rugby friends as boys, and the giant screen there, showed an angelic Stephen as a young blonde boy playing minis. Both gave highly entertaining and amusing speeches,

MATCH MOMENTS

Penalty for Lansdowne

Maul try for St. Mary's, converted by Mick O'Gara

Try for Aaron O'Sullivan

setting the scene for an astral afternoon, with two matches of sporting rivalry and friendship, the results finally proving it was actually Stephen's Day.

THE PROCEEDINGS

The opener was a high-octane match of the closest margins and highest skills from both sides, pitting two top quality teams. The pace never dropped. It has to be said the Lansdowne team, led by the impressive Bobby Sheehan were worthy rivals. The first half their big powerful pack caused some challenges and tested our renowned scrum. Our lineout had returned to its usual high efficiency. The rapport between Richie Bergin, who had a fine game, and his jumpers was clear. The partnership between the hard-working Leaner and Braemar is strong and our fast-rucking game was effective. The fitness and high-speed game of Marys eventually told against the heavier Lansdowne team. The Marys defence was exceptional when Lansdowne sent their powerful runners on rockets for the line.

Early second half, the visitors increased the intensity a little and so confidence in play grew, the sidelines sensed it. At no stage, however, could either side feel complacent or relax. The performances were all creditable and with leaders all at their best it is hard to make comparisons. Seldom has the captain and supreme leader, Deano been more animated or inspiring. Other leaders like Dan Goggin who as well as winning his tough backrow skirmishes, was a perfect sweeper, cleaning up long-range missiles and directing traffic. Former Captain, and derring-do flanker Ronan, had been ill last week, but still as usual, had a superlative game and led in all ways. The work of the backrow trio was gasping.

Our backs looked harmonic and sharp, Rob at 9, covered the field like bloodhound, then there was midfield magic and zinger wingers, with a flying fullback behind. On wingers, Leandro was a constant concern for the home defence as he tore through two or three at a time, his partner on the right wing Aaron O'Sullivan was majestic, constantly a threat, with his pace, and strength in defence, with one try saving tackle and, in the end, scoring a difficult try, breaking a swing tackle and diving in the corner, effectively to win the game. He received the Manverton MoM Award.

The bench made an important impact and helped keep the intensity and pace up. It was reassuring for the future to see some of our recruits introduced. It is right and proper that we should remark on and congratulate Paul Neary and Max Egan who came on and who are just out of school at St Marys College, having won SCT medals a few months ago. They join David Kenny in having received an invitation to join the Ireland U20 training group.

This was a deserved win and a positive sign for the road ahead. It is noted that the three non-Dublin based clubs lost, although on the first day of the league programme little can be inferred. It would be a surprise, if having seen them twice already, Lansdowne were not in the top four play-offs. So, we look forward to meeting them again at least once, possibly twice depending on both clubs progress.

As we are accustomed to now, the game started at high pace and the visitors adapted well to the artificial surface. After seven minutes when we gave away one of several first half penalties, Moloney put Lansdowne ahead but two minutes later, Ro Watters flowed down along the right touch, line ripping the defence and putting the onrushing Ruairi away; he used his zip class acceleration and outright pace to leave the defence flat. Magic Mick converted from way out. 3-7. Shortly before half-time McGlynn scored for Lansdowne and so the score at half time was 10-7. It was finely poised.

Eight minutes into the second half Marys worked a well engineered maul, over the line with Richie touching down, Mick again did the honours, 10-14, Lansdowne hit another long-range penalty and the score then stayed for a long period at 13-14.

In the last quarter, when we had camped on the home side's line for several minutes, Deano swung the ball out and hit athletic Aaron who did as Aaron can; it was then 13-19. It was not over, as expected, and Lansdowne put on hard pressure. Our defence was adamant, and it took ten minutes before Lansdowne, following a lineout after a penalty, mauled and drove and then sent out fast ball to their right corner and flying McGlynn got his second, the conversion hit the post and heart beats too hit skip. Good to relate Marys, instead of holding on, did what they do best, went looking for a bonus try. They did not make it but got a beautiful victory.

We are up and running. Clontarf are coming for lunch next Saturday. Oh yes did I mention, there will be a rugby match too. a big one so see you there and hear your Marys-Marys-Marys. Do it for Deano

St. Mary's: 15 R Shields, 14 A O'Sullivan, 13 M Carey, 12 M O'Gara, 11 L Ramirez, 10 C Dean (Capt.), 9 R Gilsenan, 8 D Goggin, 7 C Pierce, 6 R Watters, 5 B Murray, 4 Daniel Leane 3 M McCormack, 2 R Bergin, 1 O Michel. **Replacements:** 16 S McLoughlin, 17 C Scott, 18 A Sparrow, 19 M Egan, 20 L McGill, 21 P Neary.

The sun sparkled and danced on a dream day; the two games did likewise.

Jacobs hat-trick with the last play snatches 32-31 win

WON

Cillian Jacobs scored a hat trick with the last play of the game. Incredibly physical match. We lost David Leane after 5 minutes. The lads were incredibly brave and really fronted up against a very physical Lansdowne side that were very confident going in. It was 21-17 to them at half time. We gave 2 soft scores in the 1st half due to our own mistakes. But we scored straight after half time and the lead changed about another 6 times. Our other tries came from Craig Kennedy and Gavin Foley. Ethan Kenny converted 2 and kicked a penalty. Phenomenal effort from all 21 players. To a man, they never took a backwards step and showed real nerves to stay in the fight. A great day to be in Lansdowne.

Cillian Jacobs · 3 tries

Craig Kennedy · 1 try

Ethan Kenny · 2 cons, 1 pen

Gavin Foley · 1 try

MATCH REPORT · J3 V GREYSTONES · METRO DIVISION 6

J3s cross six times in convincing 39-5 win

WON

A strong performance from the J3s saw them secure a convincing 39-5 victory over Greystones in Metro Division 6. The J3s crossed the line six times, with James Walsh and Harry Fanning both scoring two tries, while Imran Jacobs and Rory Tisdall also added to the tally. Harry Fanning was excellent with the boot, converting three tries and also adding a drop goal to complete the scoring. A great result and a well-earned win for the J3s.

James Walsh · 2 tries

Imran Jacobs · 1 try

Harry Fanning · 2 tries, 3 cons, 1 drop goal

ST. MARY'S J1

Saturday 26th September 2026 · Lansdowne Road · St. Mary's scorers: Tries Cillian Jacobs 3, Craig Kennedy, Gavin Foley · Cons Ethan Kenny 2 · Pen Ethan Kenny

If those who were at Lansdowne thought the first game was exciting and uplifting, they were in for a treat of similar intensity and resilience as the senior game. It also showed that there is little to worry about for player succession. These lads showed that there is blue blood flowing freely as they gave their grit and guts and grind to the cause and had the supporters enrapt. It was entertaining, frantic and skilful. As you will note that once again the scores ended with one point difference. In this case it looked like Lansdowne were going to prevail, but a brilliant and courageous Coda, snatched it for the blue/white starred men. The match will have been didactic for these young tyros.

Looking at the team sheet, there is more than a hint as to why the team might be infused with staunch loyalty and courage. The names ring loud from great Marys' parents, Kennedy, Potts, Jennings, Hassett, Halpin, O'Neill, McHugh, Foley.

There was a top class, young front row, the three of which have big futures; indeed, all have had senior experience. Cillian Jacobs scored a hat-trick, from mauls, the final one was the winning try. Adam Mulvihill had a big game as ever, and Ciaran Scott had been on the bench for the senior team immediately beforehand, great attitude and great delivery. The two second row players too, Cillian O'Neill and Leon Potts could easily fill 4 and 5 on a senior team, two large lumps full of attitude and action, and a backrow led by feisty and fearless Lucca Jennings which never took a step backwards nor shirked the hardest tasks. Sadly the 8, David Leane, of great ability and potential took a head bang early on and had to withdraw. George Hassett is normally a prop, he showed he could make the switch, covered well and never flagged.

The encouraging thing was that the bench was full of endeavour and potential too. This deep commitment is endogenous, but clearly, it has been harnessed and nurtured by the coaching and care of two admirable and talented Marys' men, Éanna Clynes and Paul Brennan. They both deserve the highest appreciation. They have put together an ambitious and dedicated group of young players who can develop and prosper. There are many reasons why a happy and successful J1 squad can be a major factor in a happy and successful rugby stream and ultimately club.

The two halves showed class and appetite, with Ethan Kenny's kicking skills an additional bonus, while partner cool-hand Luke

McGill, varied his game well and was not afraid to take on the defence. The midfield was sparkling. Max Whelan and Thady McKeever. Special mention has to be made of Thady. He was pancratic, he exuded energy, appetite and ability. He has been playing at a lower level level, this lad has potential to be a top player, he can take the ball up with power and security, he has terpsichorean feet and good hands. He worked to a standstill yet, never stood still!

The back three were goluptious, Gavin Foley showed good balance, pace and positional play and scored a fine try, Jack Halpin is almost a clone of his dad Gareth. He has everything needed to make a highest quality 15, balance, pace, position, foresight and a good pair of feet. He showed, on a few occasions how to get out of tight spots with his natural talent.

Craig Kennedy at 11, was outstanding, back to his best after that terrible injury. He showed his leadership, anticipation, elusive running, intuitive covering, fearless defence, excellent hands. He scored a most commendable try, having to slalom through deep cover with power and acceleration. He saved situations on a number of occasions with astute cover and tough tackles...

Let it be said that they were up against it, with a Lansdowne 15 filled with quality too, and so it was at times frenetic. As in the senior game, there was never rancour or poor sporting play, and both teams were a credit to their clubs. The score line tells a story; it was tit for tat all the way, with high pace and high-quality play. It was an exhilarating game, as the tempo built to crescendo in the second half the atmosphere on the pitch and in the crowd who had stayed to watch, shimmered. The Lansdowne and Marys support were equally fervent and proud of their young teams. Coming near the end Lansdowne got ahead and it looked as though it was over. Oh no it wasn't! This was when the deep gnawing feel of must, of team, of club and self, suffused the team and they drew breath, closed in and went again, they worked their way and got up to the road corner. They won a lineout and locked into a maul, it went, it swayed and slewed sideways, then it broke and so did Cillian, and drove over. Oh glory! that was it. It was also another important 5 points in the sack. That definitely sealed it as Stephen's Day

Full Time 31-32.
